Lattie Coor, Ph.D., Chairman and CEO, Center for the Future of Arizona, working with the respected Gallup organization conducted polls of citizens of Arizona to ascertain what they want and value. The purpose was to identify a set of common goals that would mobilize people and survive transitions in leadership over time. Eight goals describe *The Arizona We Want*.

- Create quality jobs for all Arizonans.
- Prepare Arizonans of all ages for the 21st century workforce.
- Make Arizona "the place to be" for talented young people.
- Provide health insurance for all, with payment assistance for the needy.
- Protect Arizona's natural environment, water supplies and open spaces.
- Build a modern, effective transportation system and infrastructure.
- Empower citizens and increase civic engagement.
- Foster citizen well-being and sense of connection to one another.
